Endless possibilities

ScreenPad™ Plus gives you effortless app multitasking, so ASUS works closely with third-party developers — including professional video-editing software developer Corel®, with more to come — to optimize ScreenPad Plus for the ultimate productivity. ScreenPad Plus is your gateway to endless possibilities.

Ultrafast connectivity

ZenBook Duo features a full set of high-performance I/O ports, giving you dongle-free connectivity whatever you're doing, wherever you are. The latest Intel Wi-Fi 6 with Gig+ (802.11 ax) takes wireless speeds to the next level, for supersmooth connections to the world.
