

THINKBOOK 15 Series

Designed for productivity,
engineered for success

As the ThinkBook 15 has narrow bezels and an 83% screen-to-body ratio, you can focus more on the stunning 39.62cms (15.6) FHD display. You'll also get to experience rich, clear sound through two Dolby Audio™ speakers. And if you work with complex visuals or like to game in your downtime, go with the discrete graphics card option.
