VESA-mountable

Design

Modern, space-saving design

With a modern design featuring sleek lines and a stylish, brushed finish, ASUS Mini PC PN62 easily blends into home, office and retail environments. Compact and lightweight at 115mm x 115mm x 49mm with a 0.62-liter volume, it can be placed almost anywhere and even attached to the back of a display with a VESA mount for a space-saving, all-in-one solution.
