

# Travelair N

Wireless Hard Drive and SD Card reader with One-Touch NFC

- One-Touch NFC for easy connection
- Integrated SD Card reader expands storage capacity
- Connect up to five devices simultaneously
- Splash-proof design with IP43 water resistance
- Intuitive, easy-to-use companion app

## Your Media Library On-The-Go

With 1TB of storage and its own built-in Wi-Fi network, Travelair N lets you carry more than 500 movies or thousands of photos, songs, and files with you wherever you go and access them wirelessly with your smartphone or tablet. NFC technology provides instant, one-touch connection to supported devices, and the companion ASUS AiDrive app lets you easily browse, stream, share and manage files on your Travelair N with your iPhone, iPad, Kindle Fire, or Android device. Travelair N is also equipped with SuperSpeed USB 3.0 for incredibly fast file transfers to your PC or Mac.

## Water-Resistant Design

Don't let a little water slow you down — Travelair N features an IP43-rated water-resistant design to protect against accidental splashes and spills.

## Connect up to 5 Devices Simultaneously

Travelair N connects with up to five devices simultaneously when transferring files, and up to three devices when streaming movies in HD, providing fun and easy sharing experiences with family and friends.

## Asus 1TB TravelAir Wireless Hard Drive

- One-Touch NFC Connection
- USB 3.0
- SD Card Reader Slot
- 8 Hour Battery Life
- Wi-Fi Security
- 1 Year Warranty
