

ASUS ZenBook 14

Timeless beauty, effortless portability

Designed for comfort and convenience

ZenBook 14 features a new edge-to-edge ergonomic keyboard design that increases the size of the keyboard for more comfortable typing. And it looks stunning, too! For easy data entry, there's the ASUS NumberPad 2.0 that integrates a full-size LED-illuminated numeric keypad into the touchpad. The integrated infrared (IR) camera on ZenBook 14 makes face login fast and easy with Windows Hello. It even works in dim lighting conditions, so there's no need to type a password.

Precision-engineered ErgoLift hinge

ZenBook 14 has a precision-engineered ErgoLift hinge that automatically lifts the rear of the laptop slightly when it's opened, tilting the keyboard to the optimum typing angle. This action also raises the chassis for optimized cooling and enhanced audio quality.

improved typing position

Connect fast – anywhere

ZenBook 14 redefines what's possible in an ultrathin laptop to give you a full complement of I/O ports, including full-size HDMI and USB Type-A ports. The power of Thunderbolt™ 3 is also at your disposal, with two Thunderbolt™ 3 USB-C® ports that support fast charging, 4K UHD external displays and up to 40Gbps data transfers. For easy transfers of data from your mobile devices, there's also a microSD card reader.
