

# S650

## Superior Performance, Soaring Speeds

### Fast response, say goodbye to waiting

- High-quality NAND Flash
- High-performance main control
- Improves system response, faster speed
- Super-fast for start-up, loading and file transfers
- Lower latency, no more device "freezing" or slow transmissions
- Experience the enjoyment of instant booting

### Larger capacity, reliable storage

No matter what files you prefer to save, S650 provides the reliable storage you need to save your important photos, videos, movies, documents and other files. Even gamers and designers will find the HP S650 is undoubtedly the choice for performance.
