## X1 Carbon Gen8

Marries premium performance & mobility

### POWERS THROUGH THE DAY...AND NIGHT

With 10th Gen Intel<sup>®</sup> Core™ processors, the X1 Carbon Gen 8 is faster than ever no matter the task. And given that it's certified by Intel<sup>®</sup> for mobile performance, it delivers long-lasting power and productivity when you're on the go. Enjoy epic battery life. And when you do need some juice, Rapid Charge boosts battery life up to 0-80% in just an hour.

### TAKE YOUR PRODUCTIVITY TO NEW LEVELS

With always-on responsiveness, you can wake the X1 Carbon Gen 8 from sleep in less than a second—and be able to browse the web a second later. And with WiFi 6, you get fast and reliable connections, even on networks with lots of devices attached. Or choose the optional WWAN technology with LTE-A card and jump online with a secure connection.
