

Lenovo

V-14 ADA

Achieve more,
stress less

- From video conferences to presentations and multitasking, the slim, sleek Lenovo V14 (AMD) takes everything in its stride. With powerful AMD processing, this affordable 14" laptop helps you get more done while safeguarding your sensitive data.
- As well as an enhanced viewing experience, it comes with the built-in reliability and productivity features to save you time and effort.

Get more done, safely & securely

With powerful AMD processing, the Lenovo V14 (AMD) laptop has the muscle to tackle any task. You can choose the storage options (HDD or PCIe SSD) that suit your needs—and budget. And with the integrated firmware, Trusted Platform Module (TPM) 2.0, your passwords and data are encrypted for enhanced security.
